

Mr. Chet E. Miller, President

Mr. Miller has three daughters and is very proud of each of them. Mr. Miller has been a member of our local PVA Chapter since his injury in 1993. After returning from Desert Storm while stationed at Fort Campbell, KY in the 101st Airborne Division, as an Aviation Mechanic, Mr. Miller was injured in a motocross accident, which left him as a C-5, C-6 quadriplegic and ended his 12-year military career. Mr. Miller did his treatment and rehab at the Palo Alto VA. Since his injury, Mr. Miller has enjoyed spending time with his family and staying active by participating in wheelchair sports. Mr. Miller has played Quad Rugby for over 25 years now.

Over the years Mr. Miller has seen and benefited from all the wonderful things that our local PVA Chapter has done for its members and the community. Mr. Miller hopes to continue to bring with him some fresh ideals and renewed energy to the board.
